

# INSTITUTE OF FOREST GENETICS & TREE BREEDING

## GREEN SKILL DEVELOPMENT PROGRAMME (GSDP)

### QUALITY PLANTING MATERIAL PRODUCER (QPMP)

22<sup>nd</sup> November 2021 to 31<sup>st</sup> December 2021

**OUR GOAL IS**  
INCREASE THE FOREST AREA WITH QUALITY TREES,  
GET THE REGULAR MONSOON  
SAVE THE RAIN WATER  
MINIMIZE THE GLOBAL WARMING  
KEEP THE ENVIRONMENT WITHOUT POLLUTION  
FOR THE NEXT GENERATION.

IFGTB ENVIS is the best Institute for GSDP on QPMP. We (Trainees) thank DR.C.Kunhikannan Director, IFGTB, Dr. Kannan CS Warriar Scientist F, & Training in charge and Scientists, Dr.Johnprasanth Jacob, Dr.Karthikeyan, Dr. R. Anandalakshmi, Dr.N.Senthilkumar ,Dr.A.Vijayaraghavan and Shri.Maria Dominic Savio, All Scientists have given lectures in their own field, which was very usefull to us. we also interacted with them. So that we learned Tree selection , Seed Collection, and Management Nursery Development , Clonal Technology, Grafting, Insect- pest and disease management etc.. and we would like to thank Dr. Vigneswaran Programme officer, Dr. T.Vamadevan, Information officer, Shri V.Thangavel IT Officer, and MS.G.V.Subhashree, DateEntryoperator.

The aim of the training is to create self employment , through which to increase the forest area all over the country, In 1950's there was thick and wide forest. Three after forest area occupied for industrial and cultivation purpose, water courses were also enchroched for residential purpose. Because of this climate changes, Global warming, Rain shortfall (or) heavy rains, floods enters to the residential area, wild animals enters to the Agriculture fields, for their food and water. Because of climate change, Tsunmai, pandemic disease like COVID Spreads all over the world, Lakhs and Lakhs of People lost their lives. This is the. alert given by the Nature to the Mankind . one and only solution for this is to increase the forest area with quality trees all over the country

Wealth is Necessity and it is Part of Life  
But  
Health is Essential and if is the Life  
Hence

Save the Environment With out Pollution andwith Quality Tree

Thank you

Pghnuw
