Awareness walkathon held in city

A mega awareness walkathon was held in the city on Thursday to mark the International Day of Forests 2024. The primary objective of this rally was to raise awareness about the importance of forests and encourage individuals to engage in the initiatives of LiFE Mission, which organised the marathon, with the Institute of Forest Genetics and Tree Breeding. The awareness walk rally was officially flagged off by Dr C Kunhikannan, director, ICFRE-IFGTB. The rally commenced from the IFGTB campus, and covered significant parts of the city, ensuring a broader outreach. Awareness handouts were handed out to school children and the public.
