

'Tree Show' of Indigenous Species to Begin on August 4

TNN | Aug 3, 2023, 05.01 PM IST

NASHIK: The three-day tree show showcasing various indigenous tree species will commence from August 4 in the city.

For the first time, the Nashik Municipal Corporation (NMC) is organizing a tree show, following the annual tradition of the flower show.

The event, inaugurated by NMC commissioner Ashok Karanjkar, will take place at the Dadasaheb Gaikwad auditorium. The festival will exhibit over 70 species of indigenous trees, including 10 to 15 rare varieties.

The show aims to promote the planting of native trees in the city, create awareness about indigenous trees, and enhance the green cover of Nashik.
