

3,200 saplings

planted: A plantation drive conducted by the volunteers of Cauvery Calling in Tirupur received an overwhelming response from the public on Sunday. Over 3,200 saplings including rosewood, sandalwood, vengai and red sanders were planted by farmers and Isha volunteers on the nine-acre farmland owned by Sivasamy at Ichipatti. The Cauvery Calling movement was launched by Jaggi Vasudev, founder of Isha Foundation, in 2019. It aims to promote tree-based farming in the Cauvery river basin to improve soil fertility and underground water recharge.
