GENOA TOWNSHIP, Mich. (AP) — Plans to reclaim two parcels of land in Livingston County's Genoa Township for use as a tree seed orchard will be the subject of a [Michigan](#) Department of Natural Resources public meeting.

The meeting is scheduled Tuesday at Brighton High School.

The 50-acre (20.2-hectare) and 77-acre (31.1-hectare) parcels are near the DNR's Tree Improvement Center. Both were listed as surplus and destined for auction.

Steps include completing a timber sale that is in progress, contouring the land through a mineral lease, and then planting and maintaining trees on the property, according to the DNR.
