Miyawaki forest created at Technopark campus

TNN | May 5, 2022, 03.30 AM IST

Thiruvananthapuram: In a major green initiative, Technopark has become the first among IT parks to have a Miyawaki forest at its campus. Spread over 20 cents, the forest cover holds more than 1,300 trees of 210 species. The initiative has been designed to recreate the bio-habitat of the region that prevailed before Technopark was established.

Shashi Tharoor MP, inaugurated the forest that has been structured by Technopark Rotary Club in association with Kerala State IT Parks and various companies functioning at the park.

Kadakampally Surendran MLA, Kerala State IT Parks CEO John M Thomas, Technopark Rotary Club president Harish Mohan, secretary Manu Madhavan and Rotary district governor K Srinivasan along with members and representatives of various companies were present on the occasion.
