

### **Sri Lanka Army plants 100,000 saplings in the East in a single day**

18 November 2020

The Army's Security Force Headquarters-East (SFHQ-East) planted 100,000 seedlings of rare species in the Eastern Province within a single day as the prevailing rainy season conveniently offers a healthy environment to succeed the campaign.

The Army stated that the Forest Department allocated state-owned forest areas for the campaign and further provided 100,000 indigenous saplings including Mee, Kumbuk, Tamarind, Margosa, Teak, Mahogany.
